

IAN J. HARMAN

FOUNDER-OPERATOR

Chattanooga, TN | [865.803.5050](tel:865.803.5050) | Ian.Harman@me.com | [LinkedIn](#) | [GitHub](#) | [Atom & Bits](#)

LEADERSHIP SUMMARY

Product and technology executive and founder-operator with **15+ years** leading product strategy, engineering, and innovation. Builds and leads distributed product teams across functions to scale B2B and B2B2C companies, modernize technology, and deliver AI-enabled solutions. Co-founded TheraMatch, guide it through acquisition and scaled the new company to **\$1M ARR** in less than 12 months. Led product work as PerfectServe grew from **\$2M to \$40M ARR**, with a focus on better outcomes and more efficient delivery.

FOUNDER AND OPERATING EXPERIENCE

TheraMatch | Co-Founder | Acquired by TPN.health

Aug 2024 – Apr 2025

- Won 12 physician clients across three practices, reached **about \$12K MRR**, and led the **acquisition and integration with TPN.health**.
- Co-founded TheraMatch and built its **product, technology, and strategy**. Developed the initial matching algorithm and clinical delivery framework for early clients.

TPN.health | VP, Provider Networks & Technology

Feb 2025 – Aug 2026

- Led delivery of workflows that processed **more than \$1M in claims** from January through June 2026 for 120 contracted TPAs and 1.5M eligible lives.
- Led product and technical work from eligibility and claims through provider payment. **First-pass repricing reached 99.59%** across about 4,000 claims.

Atom & Bits | Founder | Product & Technology Advisor

Jun 2017 – Present

- Advise companies across manufacturing and health tech on product, technology, and strategy. Product Strategy & Packaging, Go-To-Market, Enterprise Sales.

BUSINESS LEADERSHIP

One to One Health | VP, Product & Engineering | Chief Privacy Officer

Oct 2023 – Jun 2024

- Identified the charting problem, then designed and developed the initial AI infrastructure for provider SOAP notes. Cut **charting time from 22 to 17.5 minutes** across all encounters while maintaining or improving both clinician and patient satisfaction.
- Hired the **founding engineers** and negotiated a **17% cut in IT spending**.

BlueCross BlueShield of Tennessee | Senior / Group Digital Product Manager

Apr 2016 – Oct 2023

- **More than doubled digital adoption**, supported tens of millions in annual sales, and cut **\$500K+ in admin costs** through member self-service.
- Built and coached teams serving about 3.5M members; led 22 direct reports, a separate 130+ person matrix, and a **\$10M budget**.

PerfectServe | Implementation, Product & Product Marketing Leadership

May 2011 – Apr 2016

- Built a new-market sales approach that brought in **\$3M+ in revenue**; contributed to company growth from **\$2M to \$40M ARR**.
- Led or co-led 10 health-system implementations tied to more than 10% ARR growth and cut **provider onboarding from five to seven days to under one hour**.
